

# Your Upcoming Hyaluronic Acid Treatment

Your doctor has recommended that you receive treatment with (check one):

**DUROLANE**<sup>®</sup>  
hyaluronic acid, stabilized single injection

**GELSYN-3**<sup>®</sup>  
3 injection hyaluronic acid treatment

**SUPARTZ FX**<sup>®</sup>  
sodium hyaluronate

## NEXT STEPS

Your doctor's office is verifying your insurance coverage. Your insurance may cover this injection through your medical benefits or through your pharmacy benefits.

- If your treatment is approved through your medical benefits, your doctor's office will contact you and schedule your appointment(s) in the office to complete your treatment.
- If your treatment is approved through your pharmacy benefits, a specialty pharmacy will call you to review your benefits and your out-of-pocket costs before shipping the treatment to your doctor's office.

The specialty pharmacy calling you will be (if known):

---

**Please be sure to answer (or return) the specialty pharmacy's phone call to ensure there is no delay in your treatment. Once you have spoken with the specialty pharmacy, your doctor's office can schedule your appointment(s) to complete your treatment.**

If you have any questions or need more information, please contact your doctor's office.

## Summary of Indications for Use

DUROLANE is indicated for the treatment of pain in osteoarthritis (OA) of the knee in patients who have failed to respond adequately to conservative non-pharmacological therapy or simple analgesics, e.g. acetaminophen.

Do not inject DUROLANE in patients with knee joint infections, skin diseases, or other infections in the area of the injection site. Do not administer to patients with known hypersensitivity or allergy to sodium hyaluronate preparations. Risks can include transient pain or swelling at the injection site.

DUROLANE has not been tested in pregnant or lactating women, or children. Full prescribing information can be found in product labeling, at [www.DUROLANE.com](http://www.DUROLANE.com), or by contacting Bioventus Customer Service at 800-836-4080.

GELSYN-3 is indicated for the treatment of pain in osteoarthritis (OA) of the knee in patients who have failed to respond adequately to conservative non-pharmacologic therapy and simple analgesics (e.g., acetaminophen). Do not administer to patients with known hypersensitivity (allergy) to sodium hyaluronate preparations. Do not inject GELSYN-3 into the knees of patients having knee joint infections or skin diseases or infections in the area of the injection site.

GELSYN-3 is not approved for pregnant or nursing women, or children. Risks can include general knee pain, warmth and redness or pain at the injection site. Full prescribing information can be found in product labeling, at [www.GELSYN3.com](http://www.GELSYN3.com) or by contacting Customer Service at 800-836-4080.

SUPARTZ FX is indicated for treatment of pain in osteoarthritis (OA) of the knee in patients who have failed to respond adequately to conservative non-pharmacologic therapy and simple analgesics, e.g., acetaminophen. You should not use SUPARTZ FX if you have infections or skin diseases at the injection site or allergies to poultry products.

SUPARTZ FX is not approved for pregnant or nursing women, or children. Risks can include general knee pain, warmth and redness or pain at the injection site. Full prescribing information can be found at [www.SupartzFX.com](http://www.SupartzFX.com) or by contacting Customer Service at 800-836-4080.
